PLEECED IN NEW LONDON

The existence of what is claimed to be an entirely new type of confidence game was disclosed and brought to light Monday in New London by Director of Americanization John C. Ellis, who stated that he has been informed a number of unidentified men are systematically fleecing aliens out of money, in connection with the securing of citizenship papers. According to Director Ellis several men are engaged in going about New London soliciting unsuspecting foreigners, offering to assist them in attaining their citizenship papers and charging the uncitizenship papers and charging the un-wary individuals \$10 for the information

divulged.

Director Effis stated that the crafty would be tutors in this scheme, represent to the well intentioned alien that citizenship papers are difficult to secure, that in matters of employment prefer-ence is given to those who have become American citizens and that it behooves American citizens and that it behoeves the alien for his own economic welfare to obtain his papers immediately. They then show the individual how to fill out the papers and cellecting their fee move on in search of the next victim.
